

Distinctive Global Emerging Markets Approach

EMPEA is the global industry association for private capital in emerging markets. An independent, non-profit organization, the association brings together 300+ firms—including institutional investors, fund managers, and industry advisors—who manage more than USD5 trillion in assets across 130 countries. EMPEA members share the organization's belief that private capital can deliver attractive long-term investment returns and promote the sustainable growth of companies and economies. EMPEA supports its members globally through authoritative research and intelligence, conferences, networking, education, and advocacy.

MISSION:

Fostering a vibrant and informed industry to realize investment returns and sustainable growth in emerging markets.

Founded in 2004 by a handful of visionaries at the heart of the industry, EMPEA and its Members believe that private capital spurs economic growth by supporting companies, economies and communities across emerging markets while simultaneously generating superior returns for investors.

An Industry Association Like No Other

Research & Intelligence

EMPEA prides itself on being a preeminent source of research on private capital activity and trends across emerging markets. EMPEA's best-in-class data covers fundraising, investment and exit activity in emerging markets by long-term, direct investment funds across private equity, private infrastructure & real assets and private credit.

EMPEA's research is regularly featured in leading newspapers and journals, GP pitch books, and LP strategy memos. Members have come to rely on custom research support for insight into investors' allocations to various markets, competitive landscapes and data on individual funds and transactions.

Global Network & Connectivity

Throughout the year, EMPEA organizes conferences, roundtables, executive briefings and unique Member events around the world, where Members can benefit from powerful business networking opportunities and the chance to meet and hear from the industry's most prominent leaders and practitioners. Optimizing LP-GP connectivity is a key priority for the organization.

Members are also provided the opportunity to engage with the association at the governance level through expert working Councils who help shape the organization and industry.

Advocacy & Education

EMPEA collaborates with industry partners to strengthen the knowledge base of emerging markets private capital opportunities and to advocate for policy and regulatory reforms that support a sustainable environment for private capital investing in these markets.

To promote the industry on Members' behalf, EMPEA issues information to a broad constituency of players that influence developments in the asset class, including the media, regulators and institutional investors. EMPEA also organizes and participates in educational activities on behalf of its Members and the asset class.
